November 4, 2009

Representative Nancy Pelosi
Speaker of the House
Via E-Mail

Dear Madame Speaker,

We want to express our strong support for HR 3962- The Affordable Health Care for America Act of 2009. The House of Representatives has proven that it is possible to craft a health care reform bill that creates a guarantee of quality, affordable health care for everyone in our country. HR 3962 does this through fair financing that does not place an added burden on middle income families.

Our coalition includes Oregon Action, SEIU, AFSCME, ONA, NAMI, OEA, the Rogue Valley Unitarian Universalist Fellowship, the Rogue Valley Citizens' Council, the Main Street Alliance, the Jackson County Democratic Party, over 100 Rapid Response Team captains and hundreds of volunteers throughout Southern and Central Oregon.

We want to thank you for your outstanding leadership and stand ready to assist you in achieving the passage of this historic legislation.

Sincerely,

Steve Neuberger on behalf of the Southern Oregon Coalition
Health Care for America NOW
