

Sheila,

I have an idea to present RYO & Pipe Tobacco on your site while also keeping them apart. The idea needs the question answered - "Which product line would you emphasize over the other, pipe tobacco or roll-your own?" Also, you have two pipe tobacco SKUs and twelve roll-your-own.

The idea - Maybe we should break roll-your-own off of the products page and replace it, on the products page, with pipe tobacco along with 1839 cigarettes. RYO could then be listed under "Our Products" (not with-in) in the left-hand navigation on the home page (see below):

1. The 1839 Story
  - o How it all started
2. Our Products
  - o 1839 Cigarettes
  - o Pipe Tobacco
  - o 1839 Cigars
3. Roll-your-own
  - o Tobacco
  - o Tubes
4. Store locator
5. Our Company
6. Contact Us

## BUSINESS CONFIDENTIAL

Well, there's that idea. The other solution is to list Pipe Tobacco (instead of RYO) in the left-hand navigation under "Our Products".

Also, did you want to have, on the site somewhere (home page or "Our Products" page), a call out announcing the new line of pipe tobacco?

I still owe you an estimate for pipe tobacco but I need more input before I can provide you with one that is close to accurate. The work on the store locator will be at the rate of \$150.00 per hour.

Thanks and have a great one.

Sheila,

I'm out of the office 'till Tuesday morning the 21st. Is that too late for me to call you then?
